**WHEN YOUR BUSINESS DEPENDS ON LAUNDRY,
YOU CAN DEPEND ON DEXTER.**

Since 1894, Dexter Laundry has been helping people and companies around the world process laundry faster and more efficiently. We offer a full-line of on-premise laundry solutions that you can depend on. Our state-of-the-art controls and management software puts you in control of your laundry and gives you the confidence to manage your business, while we help to manage your laundry.

Dexter Laundry products can be found in a variety of laundries worldwide, including hotels, nursing homes, animal care facilities, sports stadiums, religious centers and many more. Laundry managers in these locations have learned from experience that Dexter washers and dryers are designed to show-up cycle after cycle, year after year, in even the harshest laundry environments.

Our relationship doesn't end once the sale is complete. As an employee-owned company, we stand behind every machine we build because we are passionate about creating the best laundry ownership experience we can. Every Dexter machine is backed by an industry-leading warranty and lifetime technical support. We are proud to partner with our Dexter Authorized Distributors worldwide to ensure that you get the best service possible.

THE DEXTER ADVANTAGE

OUR COMPANY
Dexter Laundry has been helping people and businesses around the world process laundry faster and more efficiently since 1894. All of our products are designed, built, and assembled in the USA at our headquarters in Fairfield, Iowa.

OUR PRODUCTS
We refuse to compromise on the engineering or quality of materials that we put into every machine and believe that every Dexter-branded product should be made by us. Dexter Laundry is ISO 9001:2015 certified.

OUR PROMISE
You're welcome to contact our team before, during, and after your laundry investment. We're here to help and happy to guide you along the way. All of our products come with an industry-leading warranty and lifetime technical support.

OUR INDUSTRIES
Dexter washers and dryers are found in a variety of successful laundry environments worldwide. From hospitals to dairy farms, fire houses to battle ships, metropolitan cities to remote villages, our products can handle it all.

TOTAL CONTROL WITH O-SERIES

THE PRECISION YOU NEED TO GET YOUR LAUNDRY DONE RIGHT.

WHICH CONTROL IS RIGHT FOR YOU?

ULTIMATE FLEXIBILITY

With the ability to program 100 unique cycles comprised of up to 20 distinct stages with many setting options, our controls offer the flexibility and precision you need to ensure your laundry is handled properly.

MOISTURE DETECTION SYSTEM

Our patented moisture detection system with wireless sensing technology takes the guess-work out of drying. Each auto dry cycle automatically stops when the load is dry, increasing throughput and reducing linen wear.

FIRE RESPONSE SYSTEM

All O-Series dryers offer the added safety of our Fire Response System by automatically sensing when a load is unexpectedly increasing in temperature. Water-based Fire Response models are also available.

EASY PROGRAMMING WITH DEXTERLIVE

DexterLive.com makes it easier than ever to program your controls and manage your laundry. This free web application allows you to create and adjust all of your cycle settings. Your settings can then be downloaded and copied to your machines via USB.

SPECIALTY CYCLES & APPLICATIONS

Our controls can be programmed for special cycles, such as ultra-delicate for wet cleaning. Plus, for applications where precision is critical, we offer heated washers that give real-time temperature feedback to ensure every load reaches its target temperature.
